

Have you been putting off DMEPOS accreditation? Are you planning to submit a competitive bid?

» You cannot afford to delay any longer...

The deadline in your area to submit a competitive bid is June 30, 2007, and August 31, 2007, for accreditation.

From the Experts:

"Eventually, accreditation will be required for supplying even diabetic supplies. This excellent seminar demystifies DMEPOS competitive bidding and provides pharmacists with timely and inexpensive tools to streamline the accreditation process."

*Bill Popomaronis, RPh
VP, Long Term Care and
Home Health Care

"Every community pharmacy selling home care products should use PRS' Accreditation Prep Program. It is the best way to get any type of community pharmacy ready for accreditation and competitive bidding with the least amount of cost and effort. It is easy to use, complete, and inexpensive."
