June 2007

Dear Customer:

This is confirmation that, effective immediately, the following NDC of Havrix® (Hepatitis A Vaccine, Inactivated) in Prefilled Tip-Lok® Syringe is no longer available from GlaxoSmithKline (GSK), and is replaced by a new NDC:

Old NDC	Description	Strength	Size	Last Lot #	Expiration Date Of Last Lot Sold
58160-835-46	HAVRIX Prefilled <i>Tip-Lok</i> Syringe	1440 EL.U./mL	5's	AHAVB143AA	09/13/09

There is no need to return your inventory, and we kindly ask that you utilize your existing stock.

Please note that the new, reformulated HAVRIX is now available to order.

New NDC	Description	Strength	Size	Wholesale Acquisition Cost*†	Minimum Order Quantity
58160-826-46	HAVRIX Prefilled <i>Tip-Lok</i> Syringe	1440 EL.U./mL	5's	\$287.69	1

* Wholesale Acquisition Cost is the listed price to wholesalers and warehousing chains, not including prompt pay, stocking or distribution allowances, or other discounts, rebates, or chargebacks. Listed price may not represent prices charged to other customers, including specialty distributors.

† A federal excise tax of \$0.75 per dose must be added to your customer's per dose purchase price for HAVRIX. Price listed does not include this tax.

Please be sure to update your systems so that the new reformulated NDC number for HAVRIX is cross-referenced with the old NDC number.

When submitting chargeback claims to GSK, please submit the NDC reflective of the actual product sold to the customer. For the purposes of contract pricing, please be advised that GSK will send out a separate notification indicating the contract price for the new NDC. This trade notification does not imply a continuation of contract pricing.

If you have any questions or need assistance, please contact the Vaccine Service Center at 1-866-GSK-VACC (1-866-475-8222).

Sincerely,

John L. Fish
Vice President
Channel Management and Pharmacy Solutions
