

**RE: Catapres-TTS® - 2 (clonidine) Transdermal Therapeutic System
NDC Number and Packaging Change**

October 1, 2007

Dear Pharmacist:

Boehringer Ingelheim Pharmaceuticals, Inc. (BIPI) has made a package configuration change to Catapres-TTS-2 which is now the same configuration as Catapres TTS-1 and Catapres TTS-3. This change will result in changes to the current NDC number, dimensions and quantities referenced in the following attachment.

Important – Package Configuration Information

Current Packaging	= 3 cartons of 4 Systems and 4 Adhesive Covers
New Packaging	= 1 carton of 4 Systems and 4 Adhesive Covers

New TTS-2 packages will be received as follows:

- Wholesaler and Direct Chains: the week of October 1, 2007.
- Retail Pharmacies: approximately the week of October 15, 2007.

We have requested that the wholesalers link the order entry numbers for the current TTS-2 packages to the new packages to ensure a continuous and uninterrupted supply in your pharmacy.

Pricing services and other agencies have been notified of this change well in advance to ensure ample time for loading into the databases.

Please continue to use any current packages you have or receive prior to dispensing the new packages. Both NDC numbers will remain active for reimbursement purposes. Please do not return any saleable TTS-2 packages.

The BIPI return policy will apply to all expired TTS-2 product. For information regarding our policy, please contact Capital Returns, Inc. at 1-800-950-5479.

Thank you for your support throughout this transition. If you have any questions regarding this transition, please contact the BIPI Customer Service at 1-800-243-0127.

Sincerely,

A handwritten signature in black ink that reads "Robert W. Belknap".

Robert W. Belknap
Executive Director, Trade Sales & Operations
Boehringer Ingelheim Pharmaceuticals, Inc.
